

STUST Specialized Study Program for Focus Industries

◆ About STUST

- Southern Taiwan University of Science and Technology (STUST) has 4 colleges, Engineering, Business, Humanities and Social Sciences and Digital Design.
- All programs in the College of Engineering are accredited by the IEET and all programs in the College of Business are accredited by the AACSB.
- Our university has strong ties with the industry and fulfilling jobs in global optoelectronic, semiconductor, and smart industries await you upon graduation.

◆ STUST Specialized Study Program for Focus Industries (SSPFI)

The aim of the program is to expand your skillset including Mandarin language skills, engineering skills and industry experience through internships. The goal upon graduation is for you to join state-of-the-art companies in key industries such as optoelectronic, semiconductor, and smart industries.

The program is supported by the Ministry of Education and the Ministry of Labor that provides an opportunity for students to work in Taiwan after graduation.

◆ Program Duration

5 Years (4 Years Bachelor Program + 1 Year Mandarin Program)

◆ Program Language

Mandarin
